Welcome to the Original Open Market Inc

To gain admittance to the Reserve, **you are required to join the end of the queue** which forms "around the block" from Dyson Road into Kerry Street (off Dyson Road), onto McKay Avenue, then Price Street and Beach Road.

For your own safety and because of the Police and Council Inspectors, **do not attempt to cut into the queue at any other point** when the line is moving. It only takes twenty minutes to admit 100 stalls.

Enjoy your day with us and remember, only home-based activities are allowed and no new goods in bulk or commercial foodstuffs are permitted. Homemade food is to be accompanied by a copy of Public Liability Insurance and a copy of the City of Onkaparinga Food Assessment form. At the discretion of the market committee, permission is needed before entry to the market. Craft accepted with a "Home Made Hobby Craft" sign.

If there are gaps in the queue, you can safely move into them and park your car in that free space before 7.50am.

Queuing Guide
